ABELS™

THE ART OF MOVING

Moving your Home and Lifestyle

A vertical decorative wall with a white ornate frame and a blue velvet sofa with teal cushions is visible on the left side of the page.

The Art of Moving

Behind the movement of every object in every room is a craft we have taken decades perfecting.

They are complex and varied skills passed between generations but always refreshed and adapted to meet new demands.

These rare skills are expected of us, but they are not the only things that count. In every room is a human story told in every object.

We are here to continue that story seamlessly to your next home and a new chapter.

The art of moving is to understand what matters most to you and then take care of it.

Abels is accredited and holds memberships with the industry's primary recognised bodies:

FIDI Federation Internationale des
Demenageurs Internationaux

BAR British Association of Removers

Harmony Relocation Network

Abels has attained key international certifications and quality awards:

Investors in People

ISO 9001 Quality Management

ISO 14001 Environmental Management

OHSAS 45001 Health and Safety Management

FAIM Plus FIDI Accredited International Mover

Abels are part of **AGM**
GROUP

Residential Moving & Storage Worldwide

The Moving Experience

A dedicated Abels Relocation Consultant visits your home to understand the dynamics of your move and create your unique relocation plan.

This includes specifying the degree of support you require. Some clients choose from our Concierge Service for lifestyle aspects like sourcing designer furniture.

Others prefer the additional support of our Personal Assistant option, where they can handover responsibility to our experienced Moving PA to manage every aspect of their relocation plan and concierge services around their schedule. Until everything is done and literally dusted.

From minimal city apartments to country estates, we have the expertise needed to ensure an impeccable moving experience.

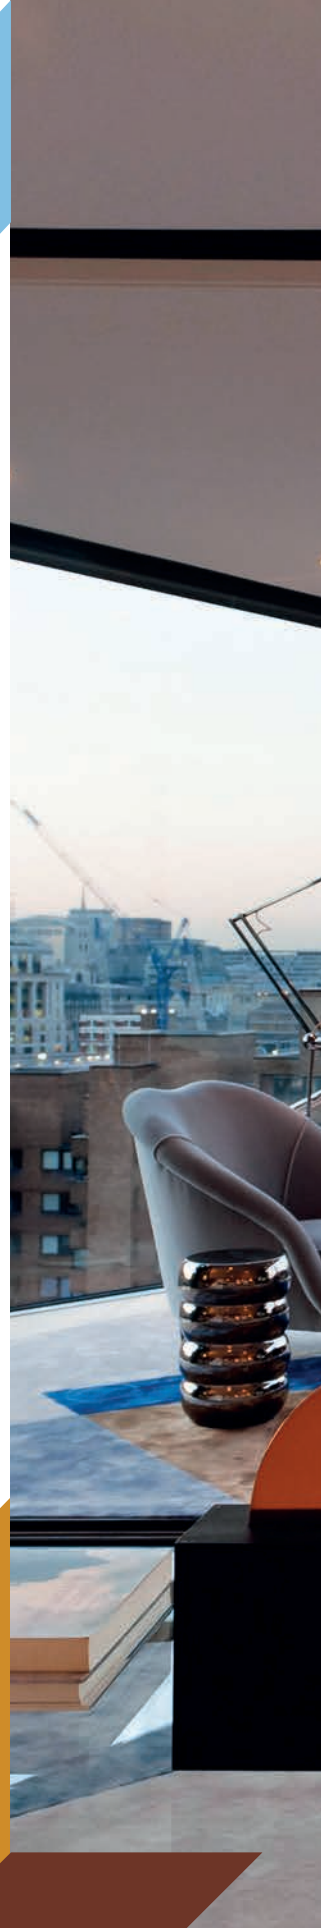

Create your bespoke relocation plan

Skilled professionals handle your move

Our Personal Assistant option frees your time

Making Your Move

Always available, your Relocation Consultant is a constant point of contact. From planning the movement of your most treasured items to helping you settle into your new home. Abels brings your relocation to life.

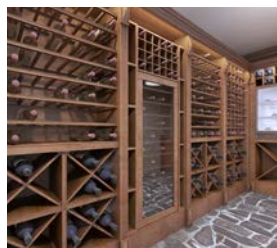

Our trained teams of craftspeople provide the packing and delivery skills that ensure your peace of mind.

Whether you require wine cataloguing, movement of collector's vehicles, storage, services for your pets or fine art installations: we have all the technical capabilities to hand.

With a reputation for consistent excellence, we get you to where you want to be in every sense.

Bespoke crating for your valued artwork

Wine collections moved in controlled temperatures

Cherished vehicles cased and moved seamlessly

The Complete Journey

Our full-time, security cleared packing crews prepare everything for moving or storage using sustainable materials and can supply photographic inventories.

For European moves you can have the same crew at origin and destination.

Internationally, we co-ordinate your arrival with options like temporary accommodation and settling in services. While arranging insurance and customs management so you are not delayed.

Crucially, we understand that a much loved family photo is as priceless as a work of art worth millions. To us, the only difference is in the techniques we use to move them.

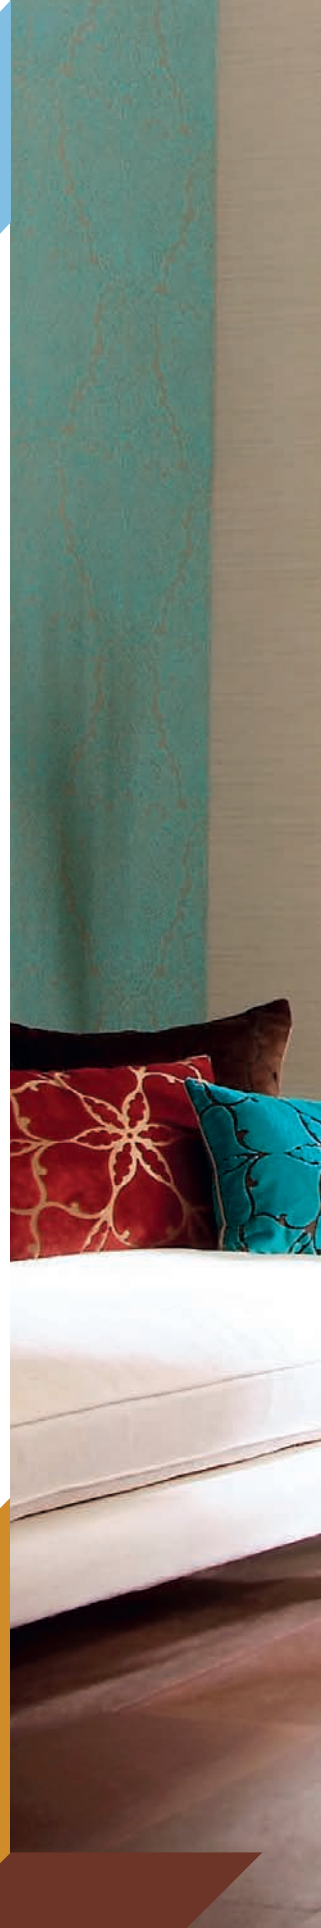

Security cleared packing crews

Secure storage vaults reduce handling risks

European and international moves

Welcome Home

We are happy installing grand pianos in penthouse apartments and wine collections in chateau cellars.

We handle delicate antiques as well as complex moves involving difficult spaces, heavy loads and cranes - and sometimes we do all these at once.

Should you choose, we will provide white glove installations and Concierge Services working alongside interior designers to create your new home.

And when you arrive, we have the essentials ready, like a list of great local restaurants for dinner on your first night.

Piano specialists

Chandelier and fine crystal expertise

Delicate clocks and antiques

More than Moving

From low emission vehicles to sustainably sourced packing using recycled materials, we are doing business better.

We are forging stronger partnerships with best-in-class suppliers across our worldwide network to enhance our service and give us a lighter environmental footprint.

While at home, our apprenticeships and on-going training are investing in our skilled people and ensuring sustained excellence.

Wherever your next move, Abels will have the best options and the best people to manage it.

Additional services for you

Concierge Service

We provide exceptional moving services. For everything else our Concierge Service opens up a world of additional service options for you which can be built around your move as part of your relocation plan.

Personal Assistant Service

When your busy lifestyle means you just need to hand over responsibility to an Abels Personal Assistant and let them arrange everything for you.

Service options for your business

Employee Relocations

For business relocations, our Corporate Relocation service works with your company to organise a preview of potential new locations, find you a home, your children a school, move your possessions, help you settle in and anything else that is included in your company's relocation policy.

FF&E for Interior Designers, Hotels and Retailers

Our Furniture, Fittings and Equipment services help businesses to manage their inventory management, logistics, imports and technical installations. Contact our FF&E project management team who can assist with all your requirements.

Office Services

When your business needs to archive its files, relocate its offices or store furniture during decoration projects, our Office Services team are on hand.

Commercial Services

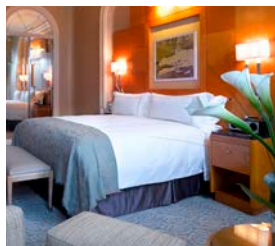

For highly technical engineering moves, manufacturing, scientific and medical equipment, our Commercial Services team can discuss your needs in full.

Fine Art handling, transit, store and hanging services

Specialist projects: Concorde engine

Luxury hotel installations

To discuss your individual move,
